Jesus doesn't desire that we have only hum-drum, barely scraping by kinds of lives. Instead, He wants us to have full lives. But how do we get this kind of a life? And what does this kind of a life look like? Join us as we explore the "full life" according to Jesus and learn what it means to be "Fit for Life!"

Retreat Events will include a presentation on some of the new minimum standards due for implementation, staff development ideas, and time for personal growth.

Please bring a co-worker and enjoy some time to refresh, fellowship, and learn.
